

Fall Season!

Be part of our first fall season. No experience necessary. We don't have bench warmers! Everyone gets to row or cox. Bring your enthusiasm and desire to learn.

Learn from Maril Davenport. Maril coaches at Blair Academy during spring season and qualified her 4+ for the National Championships!

This isn't like other sports – nobody learns to row until high school!

Registration open to 9th – 12th graders and 8th graders by interview.

Fun Fact: Twice as many athletes row in college than row in high school. Crew is a DI, DII, DIII NCAA sport. You do the math!
